Meta Paid Social · Lead Generation (Local + B2B) · GoHighLevel CRM Automation · Agentic AI / Claude Code · English / Spanish Markets

SUMMARY

Growth and lead-generation marketer who builds the **AI-native systems** that turn paid traffic into booked revenue for clinic, wellness, local-service, and B2B brands. Across **14+ accounts** in the U.S., Canada, and the U.K., managed **\$225K+ in Meta ad spend** at **\$4–\$22 cost-per-lead per campaign** (as low as ~\$4) and generated **6,250+ qualified leads** — including **9.5× an incumbent agency’s lead volume at ~75% lower CPL** on the same account, **89 booked appointments in ~10 weeks** for one clinic, and **70 in a single 30-day window** for another. I don’t just run the ads — I build the GoHighLevel automations, AI receptionists, and multi-agent “AI employee” systems (engineered around **Claude Code**, backed by **7 Anthropic certifications**) that make the results compound. A **marketer who builds the AI workforce** behind the funnel. Bilingual across **English- and Spanish-speaking** markets.

CORE SKILLS

- **Paid Media & Lead Generation:** Meta Ads, Facebook lead forms, local + B2B lead generation, audience targeting, retargeting, creative testing, CPL optimization, reporting & attribution
- **Full-Funnel & CRO:** Funnel & conversion-rate optimization, direct-response copy, qualifying lead forms, landing pages, A/B testing, speed-to-lead, local SEO / AEO, Google Business Profile
- **Marketing Automation:** GoHighLevel, HubSpot (certified), CRM workflows, lead routing, SMS / email nurture, pipeline management, missed-call text-back, reactivation, Make, Zapier, Pipedream
- **AI & Agentic Systems:** Claude Code, agentic AI, MCP, multi-agent operating systems, AI receptionists & “AI employees”, AI lead-response & content workflows, OpenClaw; KPI dashboards & CRM integrations
- **Industries:** Medspa, aesthetics, weight loss, tattoo removal, chiropractic, wellness, local services, B2B services

EXPERIENCE

Growth Marketing & AI Automation Lead

2022 – Present

Amaro Enterprises LLC · Remote – paid-media + CRM-automation for clinic, wellness, and local-service brands across the U.S., Canada, and the U.K.

Paid Media & Lead Generation

- Managed/supported **\$225K+ in Meta ad spend across 14+** clinic, medspa, weight-loss, tattoo-removal, local-service, and B2B accounts in the U.S., Canada, and the U.K., delivering **\$4–\$22 cost-per-lead per campaign** (as low as ~\$4) and generating **6,250+ qualified leads**.
- Outperformed an incumbent national chiropractic agency on the **same client account: 114 leads at \$12.59 CPL** vs. their 12 at \$49.81 – **9.5×** the lead volume at ~75% lower cost per lead.

- Ran a full medspa lead-gen program for one clinic – **1,750+ leads** across weight-loss, Botox, laser, and photofacial, including 1,200+ weight-loss leads at ~\$9 CPL; ran a full body-contouring account to **1,192 leads at ~US\$5.40 each** (CA\$7.39) with **80 booked appointments** tracked.
- Booked **70 appointments in a 30-day window** for a weight-loss clinic grand opening (61 within the calendar month), and **~120 in ~3 months** for an aesthetic clinic.
- Generated **350+ bilingual (FR/EN) leads and 89 booked appointments in ~10 weeks** (~40/month) for a Montreal beauty brand using in-language follow-up.
- Built and ran **bilingual English / Spanish (and French)** campaigns and follow-up – reaching audiences most teams can't market to in-language.

CRM & Marketing Automation

- Built **GoHighLevel systems** for lead capture, pipeline management, SMS / email nurture, speed-to-lead, missed-call text-back, booking reminders, reactivation, and reporting – engineered as one integrated system.
- Built and deployed the GoHighLevel follow-up systems across **22 client CRM sub-accounts** – speed-to-lead, missed-call text-back, nurture, reminders and reactivation – producing **70 booked appointments in a 30-day window** for a weight-loss clinic grand opening, **~120 in ~3 months** for an aesthetic clinic, **89 in ~10 weeks** for a Montréal clinic, and **80 booked** for a body-contouring clinic. Every figure is attributable to the campaigns that produced it.
- Integrated workflows across GoHighLevel, PatientNow, Aesthetic Record, Zenoti, Google Sheets, Make / Zapier, and client booking systems.
- Built and managed a call-center / lead-response operation to improve speed-to-lead and reduce missed-appointment leakage.

AI Systems & Agentic Builds

- Built **AI-native operating systems** — “AI employees” engineered around **Claude Code** (7 Anthropic certifications): an autonomous lead/proposal radar, a multi-agent operations system, and AI voice + message receptionists that book appointments 24/7.
- Built **AI-assisted lead-response and CRM-automation workflows** connecting form fills, SMS / email follow-up, pipeline routing, appointment requests, and speed-to-lead.
- Generated **730+ tattoo-removal leads** at ~\$19–\$21 CPL (flagship campaign 526 at \$19) and **817 B2B leads at ~\$1.88 CPL** for a commercial-refrigeration installer – 709 of them at ~\$1.50 on the flagship campaign; ran the agency's own B2B client-acquisition (**170+ leads and 215+ scheduled appointments** at ~\$62 each); plus hyper-local event and recruitment campaigns.

Marketing, Brand & Web Lead – Clarity Clean

2021 – Present

Commercial cleaning business (Fond du Lac, WI) – primarily commercial accounts, now expanding into residential.

- Built the **brand and website end-to-end** – logo, visual identity, and market positioning (locally owned & operated, family-run, non-toxic / eco-friendly) for a competitive local-service market.
- Set up **marketing automation** plus a **phone-based AI receptionist** that answers inbound calls to capture, qualify, and respond to leads – speed-to-lead without adding headcount.
- Owned **lead generation and customer follow-up** – proof the same growth + automation playbook I run for clients performs on a business I help operate.

E-Commerce Operator – Amazon FBA / FBM & eBay

2017 – 2021

Self-employed.

- Built and ran a **six-figure** Amazon / eBay business through college, self-funding tuition – owning sourcing, inventory, fulfillment, customer service, and supplier relationships end-to-end.

LANGUAGES

Native English · Native Spanish · Conversational French – able to support growth strategy, messaging, and lead-conversion systems for both English- and Spanish-speaking audiences, including the under-served U.S. Hispanic market.

EARLIER OPERATIONS EXPERIENCE

Hands-on roles in service and logistics businesses (commercial cleaning, warehouse, hospitality) built practical fluency in speed-to-lead, customer communication, scheduling, and fulfillment – the real-world operating instincts behind how I design marketing systems today.

EDUCATION & CERTIFICATIONS

- Associate's Degree – University of Wisconsin–Oshkosh
- **B.S. Business Administration, Marketing – Western Governors University** (expected ~2027)
- **HubSpot Academy (2026):** Digital Marketing · Data Integrations · Revenue Operations (RevOps) · Email Marketing
